Fee Schedule

This fee schedule outlines the standard pricing for clinical appointments and administrative services. If you have questions about your financial responsibility, coverage, or payment options, please contact our office—we're happy to help.

Appointment Pricing

The charges listed for medication management and therapy visits apply to patients who are paying out-of-pocket (self-pay), either because they do not have active insurance coverage, choose not to use their insurance, or are receiving services that are not eligible for reimbursement under their insurance plan.

Medication Management

Code:	Description:	Charge:
0199	New patient initial appointment	$229
0129	Established patient follow up appointment (30 minutes)	$139
